## Skywalkers wish you Happy Holidays!!!

Dear parents and friends of XTMPI, Another year comes to its end and we are ready, patiently, warm-heartedly and faithfully to welcome the beginning of another. This is therefore a good time to reflect on what we have achieved so far, to set new goals and stay close to the ones we love.

Parents, let us not forget to congratulate our children for every achievement, small or grand, and to encourage them to continue on their great effort. Kids, show love and kindness to family, teachers and friends!

**Merry Christmas and a Happy New Year to everyone! XTMPI wishes you health, happiness and joy!**

### Our first term:

#### September:

Our school opened its doors and welcomed the students with enthusiasm and joy. Parents had the opportunity to be informed about the curriculum as well as the teaching methods, followed in our school.

#### October:

**The first parents' meeting** took place during the second month of our classes. Parents had the opportunity to be informed about their children's progress as well as attend Dr. Tsolaki Metaxa's presentation on 'Experiential Learning' and 'Patience', our yearly project for 2018.

#### November:

**Master classes, by Mr. Lygeros** took place once again with great success. Learners, of different age groups, enjoyed the opportunity to learn chess and other smart games. Later this month, parents attended a presentation on the new **IGCSE exam specification**.

Moreover, in the context of the annual meeting for 'English Language Learning & 21st Century Skills', held in Limassol, Dr. Xenia Tsolaki Metaxa successfully presented the method developed through her doctorate degree, titled '**The use of authentic songs in language teaching**'.

Finally, we welcomed visits by UK and USA university representatives: Warwick(UK), Southampton(UK), Gannon (USA).

#### December:

Another extraordinary **Award Ceremony** took place this year, on the 6th of December, at the Atlantica Miramare Hotel in Limassol, where our students who achieved top scores in last year's examinations received their well-merited awards. Over **250 students** received awards for excellent performance, from various external examining bodies, including Edexcel, Cambridge, AQA, GCELE.

**XTMPI celebrated their success and we all are very proud of our educational family!**
