

Intensive Summer IELTS course

Dear parents/students,

We would like to inform you that during the month of June, our institute will be offering an intensive IELTS course. The IELTS exam is one of the main exams required by most British and American Universities upon entry. The students attending the course will be given the choice of taking the IELTS exam in July (depending on their level and ability). If taking the exam in July is not an option for some students, then they can continue the course during the academic year **2018-2019**, giving them the opportunity to take the exam whenever they feel comfortable and confident.
