**PARTICIPATION FORM – AWARD & DIPLOMA CEREMONY**

**CHARITY EVENT "THE TEARS THAT TURNED INTO DIAMONDS"  
A UNIQUE PERFORMANCE FROM OUR STUDENTS WITH MOVING MESSAGES  
FOLLOWED BY OUR EXTERNAL EXAMINATION AWARD CEREMONY.**

*The Xenia Tsolaki Metaxa Private Institute & Examinations Centre (XTMPI)* was founded in 1989 by Xenia Tsolaki Metaxa, after her return from New York where she completed her studies. This year we are celebrating **30 years** of educational innovation. With your constant support, our vision has become a reality; the creation of a school that acts on our enthusiasm and love for children, the English language and education in general.

**XTMPI Skywalkers Club and what it offers back to the community.**

One of the main reasons for the establishment of the Skywalkers Club, a club you and your children belong to by simply registering at our school, is to offer back to the community. Through this club, our Institute organizes annual charity events and has managed to support children in need.

This year, we have chosen to celebrate our 30-year anniversary by financially supporting the 30-year-old father of two underage children who is battling leukaemia and needs to be urgently transferred to Germany for a critical transplant.

Through the actions and activities of our Institute, SKYWALKERS discover the power of teamwork and love for our fellow human beings. Acquiring such experiences allows our students to learn through real life experience that they too can make a difference in someone's life. This develops their emotional intelligence (EQ) as well as cognitive intelligence (IQ), enabling them to become responsible citizens of the world.

**It is important for us to honour you and your children.** We strive to cultivate both your children's knowledge and character, by teaching them within our classrooms and also by having them participate in our various events which always have both an academic and charitable goal in mind. Our event at Pattihio Theatre, on the 10<sup>th</sup> of April will serve 3 goals - to show children that:

- a) The power of story-telling and public speaking can transform their lives.**
- b) Their yearly effort is honoured, and their self-esteem and motivation are elevated by a celebratory ceremony with distinguished professors travelling from abroad to give them their diplomas & awards.**
- c) The power of collaboration and charity work can save lives.**
